# PRODUCT DESIGN

***“Product design consists in imagining and creating objects meant for mass production”***

(Source : <https://www.strate.education/gallery/news/product-design-definition>)

etc

# DESIGN REQUIREMENT

- 1.Strong
  - 2.Stackable
  - 3.Available in a range of colours
  - 4.Durable
  - 5.Comfortable
  - 6.Easy to mass-produce
- etc

# Practice (1): Match the requirement and the correct reason

| No | Requirement                     | Reason                          |
|----|---------------------------------|---------------------------------|
| 1  | Lightweight                     | Stores easily in winter         |
| 2  | Strong                          | Spends most of the time outside |
| 3  | Stackable                       | Supports heavy adults           |
| 4  | Available in a range of colours | Keeps manufacturing costs low   |
| 5  | Durable                         | Easy to lift                    |
| 6  | Comfortable                     | Competes with rivals            |
| 7  | Easy to mass-produce            | Looks attractive                |
| 8  | Sells for less money            | Encourages people to use it     |

# Practice (2)

**If you have to design something and you have to choose amongst the requirement, what would you choose and why?**

# Any questions

# Review

**Vocabulary on Week 1-7**

**Grammar Review Week 1 - 7**
